

Slim profile recessed luminaire provides direct lighting. Available as single modules or continuous runs suitable for interior application where spot lights are required.

Material:	Body: Extruded aluminum profile with die-cast end caps. Mounting: Galvanized steel brackets.
Mounting:	Recessed trim installation (with flange) using included brackets for drywall, wood or other rigid ceiling panels. Not suitable for grid ceilings. Suitable for insulated ceilings. Maximum ceiling thickness of 1"(25mm). Custom linear patterns using 90°, "X" or "T" corners are available on request.
Electrical:	One circuit: 120V with line voltage dimming capability. Two circuit: 120V or 277V with line voltage dimming capability.
Finish:	Available in white RAL9003 or black RAL9004. Track finish matches the aluminum extrusion. Gray (RAL9006) finish available on request with black track.
Weight:	1C track: 0.53 kg/ft (1.74 lbs/m) 2C track: 0.70 kg/ft (2.30 kg/m)
Warranty:	5 year limited warranty.
Ratings:	IP20 , IP00 (track)
Certification:	 cULus listed for dry location. Interior use only.

MADE IN CANADA.

ORDERING INFO
